

## *Trainee Building Services Engineer*

### **Trainee Building Services Engineer**

Walker Mower is offering a great opportunity for a trainee Building Services role, where the employee will be offered the chance to complete a BEng Building Services Apprenticeship Course at London South Bank University. The hours of work are Monday to Friday, 9am to 5.30pm with day release provided for university.

Walker Mower is a consulting engineering practice specialising in mechanical and electrical elements for the construction industry. Walker Mower has always held a strong trainee programme with multiple current staff who have worked their way from trainee to senior engineers.

Walker Mower is looking for school leavers who are looking for an alternative to full time university and have a passion for design.

Entry requirements for the degree are as follows:

- A Level BBC
- BTEC National Diploma DDM or
- Access to Engineering qualifications with 15 Distinctions and 30 Merits including Maths and Physical Science credit
- Equivalent level 3 qualifications worth 128 UCAS points
- Level 3 qualifications must include Maths and Physics
- Must hold 5 GCSEs A-C including Maths and English or equivalent.
